Parts of a plant

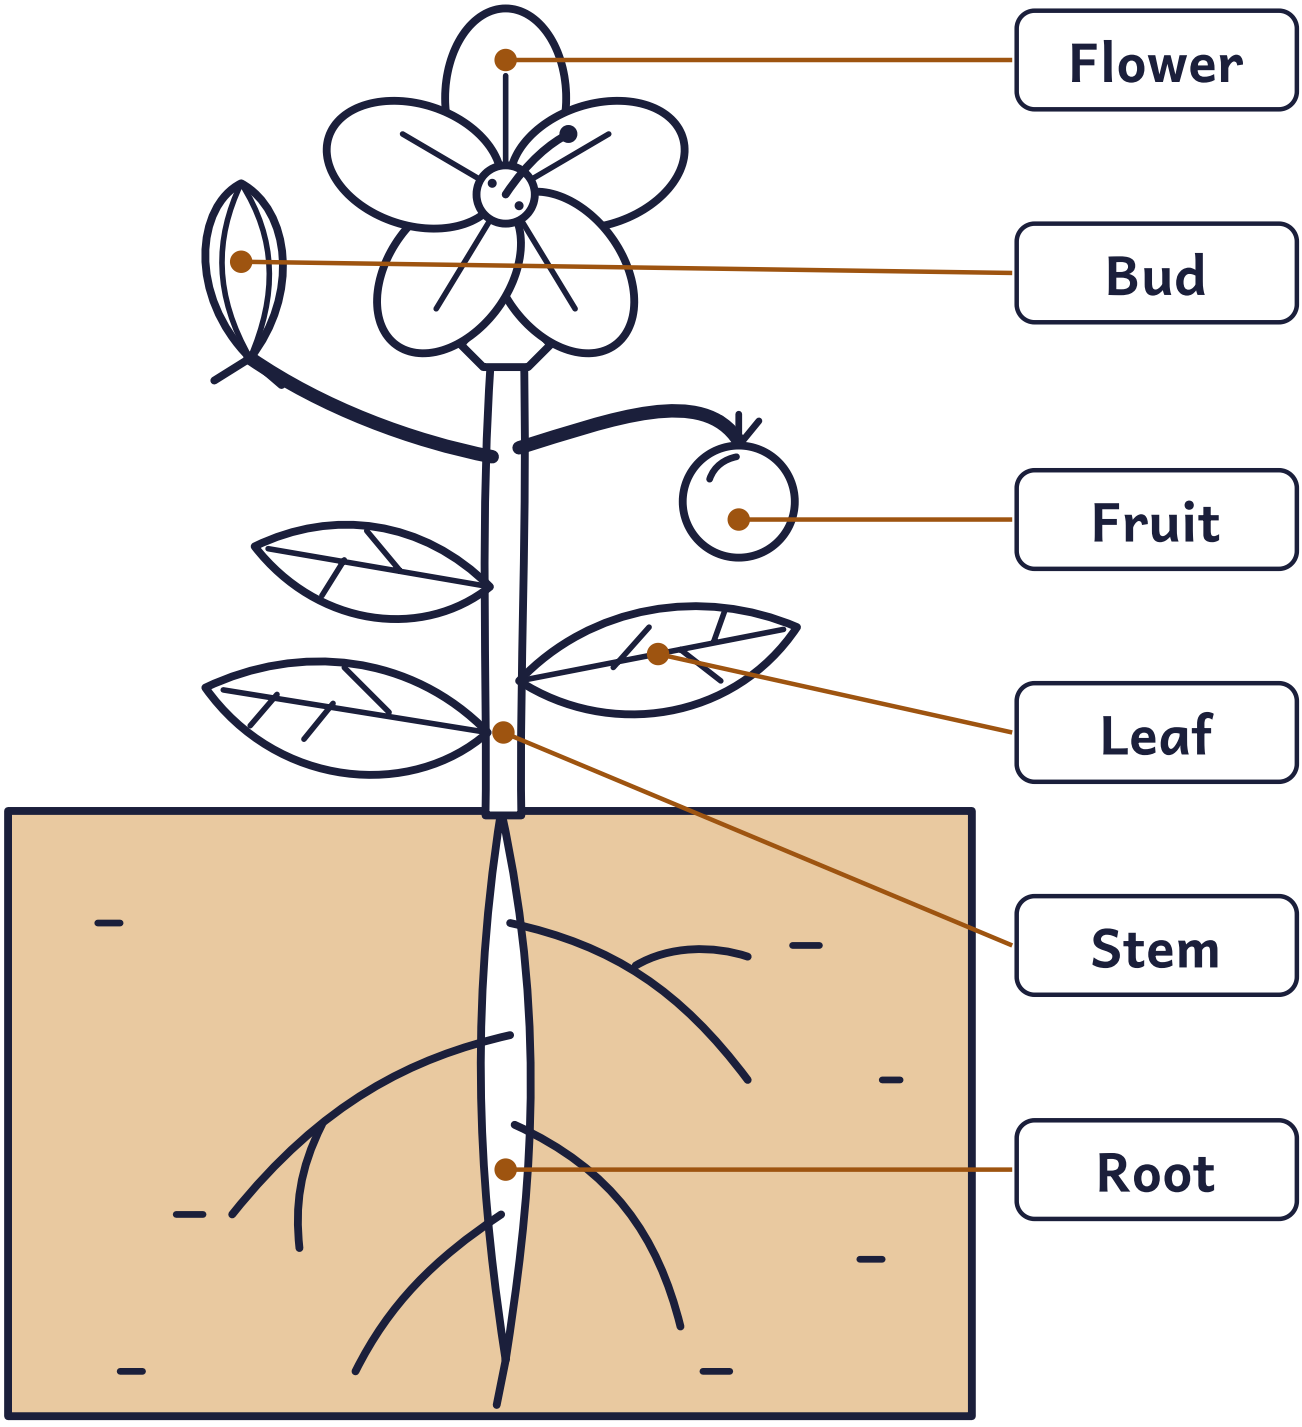

Write the correct word in each box. Use the word bank.

Word bank: Fruit | Root | Flower | Leaf | Bud | Stem

Parts of a plant — answers

Each part has a job to do.

Root — holds the plant in the soil and takes in water.

Stem — holds the plant up and carries water to the leaves.

Leaf — makes food for the plant using sunlight.

Flower — grows into the fruit.

Bud — a flower that has not opened yet.

Fruit — holds the seeds.
